

Rolling River School Division

ADMINISTRATIVE PROCEDURE

EEAAD – STUDENT TRANSPORTATION – POINT OF PICK-UP

Students that are eligible for school bus transportation will be transported to and from the lane entrance point on the nearest public road except in the following situations.

1. If a student's residence is located on a dead-end road and is in close proximity to a main road the student may be required to meet the bus on the main road.
2. If students' residences are in close proximity, a common pick up/drop off location may be identified by the Transportation Supervisor. Said common pick up/drop off location will be 1.6 kilometers or less from the student's residence.
3. When the residence is at a turnaround point on the route, the Transportation Supervisor may approve the residence yard as the turnaround point.
4. A student is picked up/dropped off at his/her door due to medical condition approved by the Coordinator of Student, Clinical, and Pre-Kindergarten Services.
5. The driver may deliver the student to their residence if a student has become sick enroute.
6. When the Transportation Supervisor determines there is a safety issue with a lane entrance pick up or yard pick up, an alternate pickup location may be identified.
