

Rolling River School Division

ADMINISTRATIVE PROCEDURE

DLCA – BUS DRIVER HYDRO COMPENSATION

School Bus Drivers assigned to a regular route who park their school buses at their residence will be paid an annual fee to compensate for the associated cost of hydro electric power. Said rate will be renewed annually and approved by the Board.

1. The total annual rate will be paid at the end of March each year.
2. School bus drivers who commence work after November 1 each year shall be paid the annual rate on a pro-rated basis based on the nearest full month of employment for the period of November-March.

Rates Approved by Board Resolution

February 8, 2023 – Resolution #8

- \$170.00 per annum for buses with a block heater of 1.2 kilowatt or less
- \$250.00 per annum for buses with a block heater between a 1.3 to 1.6 kilowatt
- \$310.00 per annum for buses with a block heater between a 1.7 to 1.9 kilowatt
